PROFESSIONAL SUMMARY

Innovative and detail-oriented Software Engineer with 5+ years of experience in full-stack and mobile development, system design, and scalable infrastructure. Proven track record delivering high-impact products that handled 1,000+ orders and 2,000+ user sign-ups within two weeks of launch. Skilled in React, React Native, Node.js, TypeScript, and CI/CD pipelines. Experienced in technical leadership, cross-functional team coordination, and translating business goals into engineering solutions.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Redux, Redux Toolkit, Tailwind CSS, Bootstrap, Styled Components, Bulma, Advanced CSS

Mobile: React Native (iOS & Android cross-platform development)

Backend: Node.js, Express.js, RESTful APIs, MERN Stack (MongoDB, Express, React, Node.js)

DevOps & Tools: Git, GitHub, CI/CD Pipelines, Scalable Server Infrastructure Architecture

WORK EXPERIENCE

Importa | Technical Product Manager

January 2025 - Present Lagos, Nigeria

- Lead cross-functional engineering and product teams to design, develop, and launch scalable technology solutions supporting wholesale operations.
- Define and maintain product roadmaps, gather requirements, and translate business objectives into clear, actionable technical specifications.
- Coordinate engineering delivery to ensure timely feature releases while upholding quality standards and stakeholder alignment.

Rivong Digitals | Chief Technical Officer (CTO)

June 2024 - January 2026 Lagos, Nigeria

- Led overall technical strategy, overseeing end-to-end development, backend engineering, and architecture deployment across all products.
- Served as lead backend developer, designing and implementing scalable server infrastructures to support rapid business growth.
- Acted as DevOps engineer, optimizing CI/CD pipelines for speed, reliability, and deployment consistency.
- Architected and deployed a system capable of processing 1,000+ orders within two weeks of launch.
- Delivered infrastructure stability enabling 2,000+ user sign-ups within two weeks of product launch.
- Facilitated daily stand-ups and mentored developers to foster productive collaboration and engineering best practices.

Fixr Technologies | Mobile Developer

June 2024 - September 2025 Lagos, Nigeria

- Designed and implemented mobile application architectures optimized for performance and scalability.
- Built a full-featured technician service platform with task acceptance, real-time progress tracking, and earnings withdrawal functionality.
- Delivered cross-platform applications using React Native targeting both iOS and Android.
- Improved task completion rates and user engagement through intuitive UI/UX enhancements.

HealthGo Technologies | App Developer

2022 - 2024 Lagos, Nigeria

- Developed and maintained the HealthGo mobile application for Android and iOS, enabling patients to book medical appointments, access health records, and receive reminders.
- Integrated secure payment gateways and implemented encrypted patient data storage in compliance with HIPAA standards.

Intellic Solutions | Front-End Developer

January 2021 – January 2022 Ogun, Nigeria

- Designed and developed responsive, user-friendly web interfaces using HTML5, CSS3, JavaScript, and React.js.
- Collaborated with backend developers to integrate RESTful APIs and ensure seamless end-to-end data flow.
- Optimized web applications for maximum speed, scalability, and cross-browser compatibility.

F.T.H | Front-End Intern

June 2019 – January 2020 Ekiti, Nigeria

- Assisted in troubleshooting hardware and software issues for 50+ staff systems.
- Supported setup and configuration of workstations, printers, and network devices.
- Documented IT processes and delivered user training for common technical tasks.

EDUCATION

Federal University of Oye Ekiti — B.Eng. Computer Engineering

2021 – Present | Nigeria
